

TITLE 43 - PUBLIC LANDS**CHAPTER 35 - FEDERAL LAND POLICY AND MANAGEMENT****SUBCHAPTER VI - DESIGNATED MANAGEMENT AREAS****§ 1783. Yaquina Head Outstanding Natural Area****(a) Establishment**

In order to protect the unique scenic, scientific, educational, and recreational values of certain lands in and around Yaquina Head, in Lincoln County, Oregon, there is hereby established, subject to valid existing rights, the Yaquina Head Outstanding Natural Area (hereinafter referred to as the “area”). The boundaries of the area are those shown on the map entitled “Yaquina Head Area”, dated July 1979, which shall be on file and available for public inspection in the Office of the Director, Bureau of Land Management, United States Department of the Interior, and the State Office of the Bureau of Land Management in the State of Oregon.

(b) Administration by Secretary of the Interior; management plan; quarrying permits

(1) The Secretary of the Interior (hereinafter referred to as the “Secretary”) shall administer the Yaquina Head Outstanding Natural Area in accordance with the laws and regulations applicable to the public lands as defined in section 103(e) of the Federal Land Policy and Management Act of 1976, as amended (43 U.S.C. 1702) [43 U.S.C. 1702 (e)], in such a manner as will best provide for—

(A) the conservation and development of the scenic, natural, and historic values of the area;

(B) the continued use of the area for purposes of education, scientific study, and public recreation which do not substantially impair the purposes for which the area is established; and

(C) protection of the wildlife habitat of the area.

(2) The Secretary shall develop a management plan for the area which accomplishes the purposes and is consistent with the provisions of this section. This plan shall be developed in accordance with the provisions of section 202 of the Federal Land Policy and Management Act of 1976, as amended (43 U.S.C. 1712).

(3) Notwithstanding any other provision of this section, the Secretary is authorized to issue permits or to contract for the quarrying of materials from the area in accordance with the management plan for the area on condition that the lands be reclaimed and restored to the satisfaction of the Secretary. Such authorization to quarry shall require payment of fair market value for the materials to be quarried, as established by the Secretary, and shall also include any terms and conditions which the Secretary determines necessary to protect the values of such quarry lands for purposes of this section.

(c) Revocation of 1866 reservation of lands for lighthouse purposes; restoration to public lands status

The reservation of lands for lighthouse purposes made by Executive order of June 8, 1866, of certain lands totaling approximately 18.1 acres, as depicted on the map referred to in subsection (a) of this section, is hereby revoked. The lands referred to in subsection (a) of this section are hereby restored to the status of public lands as defined in section 103(e) of the Federal Land Policy and Management Act of 1976, as amended (43 U.S.C. 1702) [43 U.S.C. 1702 (e)], and shall be administered in accordance with the management plan for the area developed pursuant to subsection (b) of this section, except that such lands are hereby withdrawn from settlement, sale, location, or entry, under the public land laws, including the mining laws (30 U.S.C., ch. 2), leasing under the mineral leasing laws (30 U.S.C. 181 et seq.), and disposals under the Materials Act of July 31, 1947, as amended (30 U.S.C. 601, 602) [43 U.S.C. 601 et seq.].

(d) Acquisition of lands not already in Federal ownership

The Secretary shall, as soon as possible but in no event later than twenty-four months following March 5, 1980, acquire by purchase, exchange, donation, or condemnation all or any part of the lands and waters and interests in lands and waters within the area referred to in subsection (a) of this section which are not in Federal ownership except that State land shall not be acquired by purchase or condemnation. Any lands or interests acquired by the Secretary pursuant to this section shall become public lands as defined in the Federal Land Policy and Management Act of 1976, as amended [43 U.S.C. 1701 et seq.]. Upon acquisition by the United States, such lands are automatically withdrawn under the provisions of subsection (c) of this section except that lands affected by quarrying operations in the area shall be subject to disposals under the Materials Act of July 31, 1947, as amended (30 U.S.C. 601, 602) [30 U.S.C. 601 et seq.]. Any lands acquired pursuant to this subsection shall be administered in accordance with the management plan for the area developed pursuant to subsection (b) of this section.

(e) Wind energy research

The Secretary is authorized to conduct a study relating to the use of lands in the area for purposes of wind energy research. If the Secretary determines after such study that the conduct of wind energy research activity will not substantially impair the values of the lands in the area for purposes of this section, the Secretary is further authorized to issue permits for the use of such lands as a site for installation and field testing of an experimental wind turbine generating system. Any permit issued pursuant to this subsection shall contain such terms and conditions as the Secretary determines necessary to protect the values of such lands for purposes of this section.

(f) Reclamation and restoration of lands affected by quarrying operations

The Secretary shall develop and administer, in addition to any requirements imposed pursuant to subsection (b)(3) of this section, a program for the reclamation and restoration of all lands affected by quarrying operations in the area acquired pursuant to subsection (d) of this section. All revenues received by the United States in connection with quarrying operations authorized by subsection (b)(3) of this section shall be deposited in a separate fund account which shall be established by the Secretary of the Treasury. Such revenues are hereby authorized to be appropriated to the Secretary as needed for reclamation and restoration of any lands acquired pursuant to subsection (d) of this section. After completion of such reclamation and restoration to the satisfaction of the Secretary, any unexpended revenues in such fund shall be returned to the general fund of the United States Treasury.

(g) Authorization of appropriations

There are hereby authorized to be appropriated in addition to that authorized by subsection (f) of this section, such sums as may be necessary to carry out the provisions of this section.
